WORKWEAR SIZE GUIDE

MEN'S MEASUREMENTS

1. **NECK:** Measure around the neck where the top of the shirt collar would sit.
2. **CHEST:** Standing naturally, measure around the fullest part of the chest and shoulder, under the arms with your arms at resting position.
3. **WAIST:** Measure over undergarments at the natural waistline (usually approx. 1cm below the navel).
4. **IN-LEG:** Measure from crotch to floor, with shoes.

WOMEN'S MEASUREMENTS

1. **BUST:** Measure around the fullest part of the bust and shoulder, under the arms with your arms at resting position.
2. **WAIST:** Measure over undergarments at the natural waistline (usually approx. 1cm above the navel).
3. **LOWER WAIST:** Measure over undergarment approx. 4cm below the natural waistline.
4. **HIP:** Measure over undergarments at hips (usually the widest part and is approx. 25cm below the waistline).
5. **IN-LEG:** Measure from crotch to floor, with shoes.

TRADITIONAL FIT

Workwear garments are traditionally bigger in terms of fit compared to fashion or casualwear. Bisley garments are well known for their generous fit, providing greater comfort and movement when you work.

MODERN FIT

Bisley Modern Fit shirts are half a size smaller than the Traditional Fit. Bisley Modern Fit pants/shorts are lower waisted (approx 4cm below true waist), half size bigger in the waist, half size smaller in the thigh, knee and hem opening.

ACTIVE FIT

Bisley Active Fit shirts are one size smaller than the traditional fit. This is made possible due to the stretch component of the garment. Bisley Active Fit pants/shorts are lower waisted (approx 4cm below true waist), half size bigger in the waist, one size smaller in the thigh, knee and hem opening. The Active Fit is ideal for workers who prefer stretch garments to enhance comfort, flexibility and movement whilst maintaining durability.

SAEE E KAMIL

Ensure that every stitch reflects professionalism, and every garment embodies the spirit of your brand. We offer the best Custom workwear collection to boost your team's performance.
